FEB SPEAKER

Our February speaker is **Michael Kielb**! He will be speaking about Michigan native orchids throughout the year. See you at **Matthaei Room 139 at 2pm** on Sunday!

Michael is retired from the Biology Faculty at Eastern Michigan University where he taught Anatomy & Physiology as well as natural history classes. He and his wife have travelled all over Michigan and nearby areas in search of native orchids, both common and rare. He regularly posts photos on iNaturalist. The presentation will include a variety of species, with typical blooming times and some sites where they are found.

For those unable to join us in person, here is the Zoom link:
